

SHO White

120VAC 5600K White Light.

Description

The SHO White is SV's architectural line voltage Super High Output white light LED floodlight which operates off of line voltage and does not require a power supply. It is wired like ant line voltage floodlight and is available in a 5600K color temperature. The sealed housing is constructed of cast aluminum alloy.

The SAVI SHO White is the ONLY true 120V line voltage LED Flood Light in the industry.

ACCESSORIES

13.6203 – TOP & SIDE VISOR
13.6205 – 2" EGG CRATE LOUVER

Specifications

Color Temperature:

Warm White (3000K)
Cool White (6000K)

Light Source: High Brightness LED array

Beam Angle: 10°, 30° and 45°

Fixture Spacing: 20 ft. (6.09m)

Control System: None required

Housing Material: Cast Aluminum Alloy

Wiring: Hard wire through bottom and side conduit entrances.

Dimension: 13.0" L x 5.3" W x 9.5" H
330mm x 133mm x 241mm

Voltage: 120V line voltage

Lamp Life: 50,000 hours

Mounting: Easy to install back mounting plate.

Current: 1.5Amps maximum

Wattage: 68W

Operating temperature: -4°F to 104°F (-20°C to 40°C)

Warranty: 2 years

Listing: ETL, CE
